

WHERE'S THE NEXT FINANCIAL CENTER? IT'S IN YOUR HAND.

The BlackBerry 7520™ from Nextel

NEXTEL® AND eSPEED® COMBINE FORCES TO BRING YOU THE eSPEED WIRELESS SOLUTION. THE ANYTIME, INSTANT WAY TO TRADE U.S. TREASURIES.

Presenting eSpeed's wireless solution, the first real-time, institutional wireless market data and trading solution for full-yield curve of U.S. Treasury bond issues. The eSpeed wireless solution delivers full bond data and instant trading capabilities directly to your BlackBerry 7520™ from Nextel®. Plus it offers live trading in the most liquid institutional markets with a speed of execution complementary to eSpeed desktop trading.

TRADE ON THE MOVE.

What the eSpeed wireless solution gives you is increased mobility. You're no longer confined to your desk or limited to the trading floor or dealing room in order to execute trades.

- Increase your productivity
- Trade whenever you want at your convenience
- Nextel's all-digital national network is secure and reliable
- Built-in GPS navigation capability, voice, Direct Connect®, speakerphone, calendar, contacts, and Bluetooth®-enabled in one device—the BlackBerry 7520 from Nextel
- Two levels of authentication—all transactions are reliable and secure, no matter where you are

A WINNING COMBINATION.

With over \$45 trillion traded annually, eSpeed, Inc., is a leader in developing and deploying electronic marketplaces and related trading technology that offer traders access to the most liquid, efficient, and neutral financial markets in the world. Combine that with the industry-leading wireless solutions from Nextel, and the possibilities are endless.

For more information, or to get the eSpeed wireless solution, contact your Nextel representative.
